By Paul Rardin

Nellie Latham, Canal Point senior in Pahokee High school, winner of the Rotary club essay contest this year, read her winning essay before club members at the regular weekly meeting yesterday. Mr. D. D. Caillard was president. Mr. D. D. Caillard was also principal of the high school. Miss Latham's essay was on the subject: "Juvenile Delinquency." Ronald Stanley who won second place in the contest also read his paper.

Miss Latham's paper, with the pin she won in the contest trophy cup which remains in the trophy room at the school. She was also recipient of a gold pin signifying her as winner of the contest. Mr. Caillard presented the pin.

Otto H. Coleman, in charge of the sugar cane testing station at Canal Point, became a new member of the club. He had been introduced by Mr. W. D. Dugay. Mr. Coleman recently came to Canal Point to succeed the late Ernest Dopp who had been in charge of the station.

A telegram was read from R. E. Elliott in Tallahassee stating that he had not introduced a road to designate a state road straight from Canal Point to the Glades.

Keep the record straight and the people off B's neck may I can straighten the unenlightened out on this road.

State Road Chancery has suggested that since a right-of-way was obtained, I printed a story about it a few weeks ago and in bold black type stated that Mr. R. E. Elliott proposed to do it. Now someone who either can't read or doesn't want to know the truth of the story has crawled B and accused him of designating the road. He and I are GOING to intend to redesign a road in this session of the legislature.

On the other side of the fence were German souvenirs sent to the club by L. Kenny Mock. It was announced that members of the Pahokee High School Senior Class will be guests of the club at the annual meeting on Saturday evening this week to complete plans for the immediate establishment of a public playground for school children, the need of which is urgent during the summer months.

Visitors were G. C. Payne and J. C. Mock of Pahokee, E. O. Barker and Frank Hobson of Belle Glade.

## Lions In Favor Of Livestock Mart

At the Tuesday luncheon meeting of the Pahokee Lions Club two petitions were signed by club members to be presented to the State Legislature for consideration. The first petition requested that a livestock market be established at the site of the present State Farmers Market and the second requested the proposed new State Highway paralleling the Lake Okeechobee levees from Pahokee to South Beach be listed among the first 100 miles of the highway.

A third petition requesting that FFA approve the erection of 100 new residences in Pahokee to relieve the housing shortage in this area was signed by club members and submitted to Rep. W. E. Dugay, Dwight Rogers and Senators Pepper and Andrews in Washington, D. C.

The club voted to build playground shelters at the Pahokee Primary Nursery School. President J. M. Elliott, Mr. Frank Mullis, Duncan Padgett and Stewart Spooer to have charge of this project. It was announced that the Pahokee Recreation Council, headed by Lester H. Hause, Frank Hause, Donald Hickerson, Charles Ellitcock, Donald Jeffers, Lee Jeffers, Verla Jeffers, Mrs. Jimmie Lovell, Sam McCarty, Bebe Jean McCall, James Padgett, Donald Pickett, Betty Lou Pickett, Jimmie Pope, Roy Stevens, Nancy Stanley, Ronald Smith, James Stokes, Todd, Ida Wilson, Dennis

Race Tracks Funds Go To Counties

TALLAHASSEE, May 17.—Senate Comptroller, Mr. J. L. Lee, announced the results of \$2,000,000 of race track funds to each county from race track taxes.

With the lifting of the Federal racing closing race tracks, several bills were introduced to amend and the Comptroller said that it is possible that the entire amount guarantee do counties.

Capt. Earl (Spider) Limbros and Sgt. Edgar Wilder met on a street in the capital of England.

England, one of its most popular ports where the races made so glad were they to see each other that they were drenched to the skin when they thought about stepping outside of just about anything.

And, again, boys from the Lake Region are meeting in every section of the world while they go about their business of wagons.

Last week a group of men in a bus in Germany were about to meet Kautz and Pete Hollon meeting in a mess hall in the Philippines.

This week we've heard about two boys from Pahokee who met on the streets of Manila.

### AMONG THE DEPARTED

Two GIs on a day off were strolling along a suburban road outside London when they saw on a hillside a building which said over its archway, "Hall of Remembrance," the British phrase for cemetery. With usual GI curiosity one of them went in to see what it was.

A few moments later he came rushing out in such a hurry his friend thought someone was after him with a machine gun. To the other's question as to why he hastened, the investigating GI said,

"Darned if I know. I walked in and there were a lot of people in black standing around a pit from which flames seemed to

be coming. Some of them were crying. All I said before I got thrown out was:

"Hi, folks, what's cookin'?" — Clewiston News.

### OUTRUNKED

It happened at the ship's store of a naval station. A young sailor was patiently waiting his turn to buy a present for his wife, who is a navy nurse. A navy wife elbowed her way ahead of him in the line.

"Beg pardon, madam, I got here first."

The woman drew herself up. "My husband is an officer," she snapped.

"What's that?"

"Ensign."

"Sorry," aid the sailor, stepping ahead.

"My wife's a lieutenant." — This Week.

### AT LONG LAST

She had begged her husband for months to have his picture taken. At last he decided to go through the agony, but when the proofs arrived, she exclaimed in horror, "Oh, there's only one button on your coat."

"This heaven?" she said, "you've noticed it at last." — The Furrow.

### OPPORTUNITY

It seems to be a tragic fact of human nature that we "see" opportunity instead of "see" it. I have reference most specifically to personal who should be doing personal work for our Lord.

We are prone to excuse ourselves for our neglect on the faulty foundation that we don't have time or we never contact.

The real thing is that we are not using them! People about us need the

Lord. How can we remain silent in the midst of dire need and urgent want?

Then there's another angle on this opportunity business. We don't fail to water that plant in just because it's not on our garden path. We make a point to get it and supply the water that it might live. So it is with our testimony. Consider how the waters of life we should make our business to go to those about whom you thirst, and give to them that which they so vitally need. Many are out of contact, we don't find

them in Church, we don't work with them on the job, seldom see them on the street, they are remote from us—but we know they are lost! How can we consider plant of our garden with better principles than we use even for a human soul? None we know

to be lost are free of our responsibility if we can go to them and don't "He that winneth souls is wise."

### MAKING TWO BLADES Grow

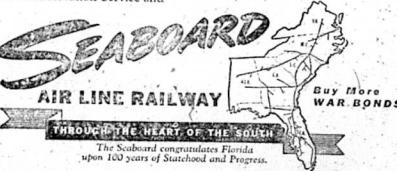

In recent years, farmers of the South have literally fulfilled their ambition to make two blades grow where one grew before. Through the use of improved varieties, crop rotation, soil improvement, more judicious use of fertilizers and better cultural methods, crop yields have been greatly increased.

This is real progress. But southern agriculture has not stopped there. Diversification is the order of the day, so that the South is no longer tied down to the one-crop system.

Large credit for the South's progress in agriculture is due to the State Co-ops, agricultural experiment stations, county agents, the Soil Conservation Service and

others who have toiled through the years for the improved methods now so much in evidence.

The Seaboard Railway, through its Agricultural Development Service, has made effective contribution to the South's agriculture. Along the Seaboard's lines new crops have been introduced, farmers have been aided in solving production problems and assisted in finding profitable markets. Hand-in-hand with other constructive forces in our territory, Seaboard will continue to work for greater prosperity among our friends and patrons on the farms of the South.

The story about  
THE MAN BEHIND  
THE MAN BEHIND THE PLOW!

RECORD breaking wartime food production in this State, in the face of shortages in machinery, labor and materials, is a tribute to the Florida farmer . . . a tribute by which the State and deserving similar praise is the County Agent. Practically every Florida county has a County Agent and all of them have had their counterpart, the Home Demonstration Agent, as well. For centuries of time, these trained agents, selected because of their knowledge of the agricultural problems of the particular country in which they serve, have labored unceasingly at several posts of responsibility. From the University of Florida Agricultural Extension Service and similar experimental stations throughout the state and from the U. S. Department of Agriculture and from other sources have come the newest information of value to farmers and that they promptly passed along. Through 4-H Club work they have helped farm products.

With the outbreak of war, they have acted as rationing agents for the government for farm machinery, gasoline and other agricultural needs. The A.A.A. is operating through them, as are many other federal agencies. Protection of the rights of veterans and prisoners of war fall under their jurisdiction. Through them, the American program to feed the nation, its armed forces and tens of millions throughout the world has been visualized and has been made to work.

And so, we salute the men and women behind the plow. Our County Agents and Home Demonstration Agents, and their chief in Florida, A. P. Spencer, Director of the University of Florida Extension Service.

**Cinematic Chatter**

By Malcolm Miller

I know you loved "Janie," and now give your vote—what's next? (Not the movie, lad I'm going to speak about, but the character he portrays) . . . when "Tomorrow the World" comes to the Prince Theatre this coming Sunday-Monday with "Skippy" Homeler, who

Tom Conway and Veda Ann

originated the character of the 12-year-old German refugee who is given asylum in the American home of a professor.

The child has been thoroughly Americanized. Now he's grown up. He begins to have the desire to kill and attempts to kill the professor's daughter. Eventually, however, he is successfully re-educated and Americanized.

Tom Conway and Veda Ann

are slated for a Tuesday-Wednesday run at the Prince Theatre, presenting "The Falcon In Hollywood," which is another exciting mystery in this series.

On the same program with this feature "The Falcon" which stars features Mary Lee, Ruth Terry, Cheryl Walker and William Terry, Dennis Morgan and Faye Emerson as the stars of "The Very Thought of You" are due at the

Prince for the Thursday-Friday run.

Short subjects and the news round out this program.

Saturday is one of the most popular and newest features that we have presented here in a long time. Also it is different because it is a rioting comedy and not a Western. This picture is "Air Mail" with George O'Brien and if you don't split your sides laughing at this one see your doctor and make arrangements for your insurance for you are sure enuff a dead one.

See you at the movies—Mal.

**THE OLD JUDGE SAYS...**

**GEORGE:** "Yes, I certainly would like to hear why you call that an old fashioned idea, Judge."

**OLD JUDGE:** "Glad to tell you, George, that research has shown that alcoholics was generally treated as a social outcast. Little if anything was done to understand him or help him. But, during the past few years, medical research and study has developed that alcoholics are really sick people . . . that there is usually a deep-rooted physical, social or emotional reason behind their behavior. That's why today so

much is being done to help them by finding out and correcting the condition that leads the individual to drink."

**GEORGE:** "How many folks are there like that, Judge?"

**OLD JUDGE:** "Well, according to scientific research, 95% of the people who drink, drink sensibly; 5% do so unwise, at times. Included in that 5% is the small percentage of the sick people I'm talking about."

**GEORGE:** "That certainly gives me a clearer picture. It's the most sensible approach I've ever heard on the subject."

Wise old Dad! He, his architect and consulting engineer talked it over with Belcher's Air Conditioning engineers as to the Air Conditioning system best suited to the family's needs. Then Dad made a deposit so he'd have first call on a Carrier Air Conditioning system as soon as possible after V-E Day.

Take a tip from Dad! Come in and discuss your postwar Air Conditioning requirements . . . there's no obligation!

Well, of course, Mother will have to wait until after Victory for delivery of their home Air Conditioning system, but you really can't blame Dad for being so enthusiastic!

Dad has been talking things over with Belcher's Air Conditioning consultants and he's learned quite a few interesting facts. Now he understands how properly planned Air Conditioning banishes airborne dust and dirt, the source of most household drudgery . . . and how Air Conditioning can banish spores and pollens which may aggravate hay fever and other respiratory ailments.

He's learned, too, that a good Air Conditioning system, designed to fit the home for maximum efficiency and lowest possible operating cost, is not a luxury but a necessity in postwar living.

Dad's sold on the idea of coming home after a hot, humid day to a cool, comfortable home with clear
